What does priority of service mean?

Priority of service means Veterans and eligible spouses who meet the eligibility requirements for a program or service are to receive access to that program or service either earlier in time or instead of persons who are not eligible for priority of service.

Federal law and regulations require all workforce programs funded by the Department of Labor to provide priority of service to:

1. Veterans who served in the active military, naval, or air service and who were discharged under conditions other than dishonorable; and,
2. Eligible spouses of veterans who have total service-connected disabilities or who died as a result of service-connected disabilities.
